SERVICE ADDRESS _____

The Applicant requests Gulf Power Company to furnish underground service from overhead facilities as shown on the sketch attached as Exhibit "A". The Applicant agrees to pay the Company \$ _____, the estimated cost difference between the requested underground service and the overhead service that would otherwise have been installed or, if the Company has previously provided an overhead service to the Applicant's point of delivery, the cost of the requested underground service plus the cost of removal, less salvage value, of the existing overhead service.

The Applicant agrees to provide service entrance facilities as shown on Exhibit "B" that conform to the requirements of all applicable codes and the rules and regulations of the Company.

The Company agrees to provide all labor and material to install the conduit and cable from the Company's overhead facilities to the Applicant's service entrance facilities. Credit may be given for trench and backfill if provided by the Applicant.

The Applicant shall remove or cause to be removed, at his expense, all trees, stumps, or any other obstructions and shall establish finish grade along the trench line prior to installation of the underground service. The Applicant is responsible for providing all landscaping, landscaping replacement, and repair to any sidewalks, driveways or piping (installed before this requested service work is completed) that may be damaged in any way as a result of the underground installation. Any repair or landscaping performed by the Company will be at the additional expense of the Applicant.
