**Rate Rider CL
CURTAILABLE LOAD
LIMITED AVAILABILITY EXPERIMENTAL RIDER
(OPTIONAL RIDER)**

Section No. VI
First Revised Sheet No. 6.105
Canceling Original Sheet No. 6.105

PAGE 1 of 5	EFFECTIVE DATE March 29, 2019
-----------------------	-----------------------------------------

AVAILABILITY:

Available throughout the entire territory served by the Company to Customers receiving electric service under Rate Schedules LP, LPT, PX, and PXT that commit to a minimum Non-Firm Demand of 4,000 kW. Customers cannot participate in Rate Rider CL in conjunction with the Critical Peak Option for Rate LPT. Service under this rate schedule is subject to installation of equipment necessary for implementation.

This Rider will be closed to further subscription when the total Non-Firm Demand subject to executed Curtailable Load Service Agreements reaches 50 MW. Excepting contracts which have been signed before the termination date, service under this Rider shall terminate on December 31, 2021, unless extended by order of the Florida Public Service Commission.

APPLICABILITY:

This Rider is applicable to any Customer whose actual measured demand through one or more accounts is not less than 4,000 kW during the previous 12 months and who maintains an annual load factor of not less than sixty percent (60%). Multiple accounts may be combined to meet the demand and load factor requirements provided the demand response is coordinated from a single location and a single point of contact is provided to the Company for notification. Participating Customers are required to execute a Curtailable Load Service Agreement with the Company.

This Rider is also applicable only to premises at which an interruption of electric service will primarily affect only the Customer, its employees, agents, lessees, tenants or business guests, and will not significantly affect members of the general public, nor interfere with functions performed for the protection of public health or safety unless adequate on-site backup generation is available.

This Rider is offered in conjunction with the rates, terms, and conditions of the rate schedule under which the Customer takes service and affects the total bill only to the extent that the rates, terms, and conditions under this Rider differ from the rates, terms, and conditions of such rate schedule.

DETERMINATION OF CURTAILMENT PERIODS:

A curtailment period may be designated by the Company when Non-Firm Demand curtailment is necessary to alleviate any conditions that could lead to the interruption of power supply in the Southern Balancing Area, a local area or a region. Such conditions include, but are not limited to, those where curtailment is necessary to prevent capacity or energy emergencies and avert potential widespread power outages, facility overloads or voltage collapse. The curtailment period designation will follow Company-applicable NERC, regional, state, public service commission or local standards or guidelines. Typically, the Company will provide advance notice of 30 minutes or more prior to a curtailment period. If requested, the Company will respond to inquiries from the Customer regarding a curtailment period and provide requested information regarding the event to the extent such information is not confidential, proprietary, or non-public transmission information.

COMPLIANCE INCENTIVE:

The Company may terminate service under this Rider at any time for the Customer's failure to comply with the terms and conditions of this Rider or the Curtailable Load Service Agreement. In such event, the Company shall be entitled to immediately suspend future monthly credits under this Rider and bill the Customer for the total value of the credits received during the lesser of: (i) the prior 60 months; (ii) the number of months which have elapsed since the occurrence of the most recent curtailment period; or (iii) the number of months which have elapsed since the Customer began service under this Rider.

An incident of non-compliance will be considered to have occurred if the Customer's maximum integrated fifteen (15) minute demand to the nearest kilowatt (kW) during a curtailment period or test period is greater than the Firm Demand.

DETERMINATION OF FIRM DEMAND AND NON-FIRM DEMAND:

Firm Demand is defined as the amount of demand that the Customer's measured demand cannot exceed during a curtailment period or test period.

Non-Firm Demand is defined as the amount of demand that the Customer agrees to reduce during a curtailment period or test period.

The Customer's Firm Demand and Non-Firm Demand shall be established in the Curtailable Load Service Agreement with the Company. The sum of a Customer's Firm Demand and Non-Firm Demand shall not exceed the Customer's maximum measured demand. If the sum of a Customer's Firm Demand and Non-Firm Demand exceeds the Customer's maximum measured demand during a year, the Non-Firm Demand for the following year will be reduced by the difference. The contracted Firm and Non-Firm Demand may be adjusted proactively by mutual agreement of the Customer and the Company.

CREDIT:

Monthly credits will be paid to the Customer based on the product of the Non-Firm Demand and Credit Value as specified in the Curtailable Load Service Agreement. Should the sum of a Customer's Firm Demand and Non-Firm Demand exceed the Customer's maximum measured demand during a year, the subsequent monthly credits for the following year will be reduced by the difference between the sum of the Customer's Non-Firm Demand and Firm Demand and the Customer's maximum measured demand for the prior year multiplied by the Credit Value.

DEMONSTRATION PERIOD:

Prior to the Customer taking service under this Rider, the Customer must demonstrate their ability to reduce their electrical demand to a level equal to, or below, their Firm Demand as specified in the Curtailable Load Service Agreement. The Customer will be notified 30 minutes prior to the required demonstration period. The demonstration period will occur within 30 days of the Company being notified by the Customer that it wishes to take service under this Rider. The demonstration will be for a period of no more than two consecutive hours.

SPECIAL PROVISIONS:

1. Service under this Rider is not available to a Customer whose premises are designated by one or more governmental agencies for use as a public shelter during a natural disaster and/or a declared state of emergency.
2. Credits under this Rider shall commence after the successful demonstration of demand reduction by the Customer as determined by the Company.
3. The Company reserves the right to test the Customer's ability to comply with the provisions of this Rider for a one-hour test period if there has not been a curtailable period or demonstration period for the Customer during the previous 12 months. These test periods will not be considered curtailable periods.
4. If the Customer terminates participation prior to the expiration of their full contract term, the Customer will not be allowed to participate in this program for two subsequent years.
5. Customers who exit the program prior to the full expiration of their full contract term and who subsequently re-enter the program may only take service under the terms of their original contract until its expiration.
6. Customers taking service under negotiated contracts may participate in Rider CL provided that such participation is explicitly permitted in the Customer's executed contract.

TERM OF SERVICE:

Service under this Rider requires a Curtailable Load Service Agreement having a term of 10 years beyond the anticipated in-service date of the Company's Avoided Unit or Resource. Customers may terminate their Curtailable Load Service Agreement without penalty or liability by providing the Company with at least five (5) years advanced written notice. In such event, the Curtailable Load Service Agreement will automatically terminate on the day following the fifth anniversary of the date of the Customer's termination notice.

If the Customer ceases taking service under the Rider prior to the expiration of the full contract term and without the required advanced written notification, the Company will bill the Customer for the total value of the credits received during a period equal to the lesser of: (i) the prior 60 months; (ii) the number of months which have elapsed since the occurrence of the most recent curtailment period; or (iii) the number of months which have elapsed since the Customer began service under this Rider.

Service under this Rider is subject to Rules and Regulations of the Company and the Florida Public Service Commission.
